

Diving Program

FSAC conducts a wide range of club organized and club supervised dives, in a range of diving sites. Our dives encompass: wreck, night, rivers, quarry, lake, boat, and shore dives.

Club members regularly take part in shore and chartered dives in the Great Lakes, the St. Lawrence River, as well as a variety of other locations.

Courses

FSAC plans and conducts a wide range of training courses at any level of diving skills from basic to leadership levels. Refresher and crossover training is available.

The courses are taught to internationally recognized standards by instructors holding certifications issued by agencies such as ACUC, CMAS, DAN, IANTD, NAUI, and PADI

Courses are planned and organised based on membership requests and meeting minimum number of students to book an instructor. Please email us your requests.
